! WARNING

Components behind guards or access doors in this area may rotate possibly several minutes, after power is shut off.

To avoid bodily injury:

1. Look and listen for evidence of rotation.
2. Do not open or move guard or access door until all components have stopped.

156041

! WARNING

AVOID INJURY FROM ROTATING KNIVES

- Keep hands and feet away while machine is running
- Shut off power to service, lubricate or fold for transport.

156042

! DANGER

Entanglement in rotating driveline can cause serious injury or death.

Keep all shields in place.

Avoid contact with rotating parts.

156045

! WARNING

Avoid serious injury from entanglement. Never raise shield with the engine running. Stop engine and remove key.

156046

! DANGER

PINCH POINT HAZARD

- Keep hands, feet and body away from moving parts.
- Do not stand or climb on machine when operating.
